### FIRST PLACE

**PARTICIPANT NAME:** Evelyn Chai Yi Xuan

**TITLE OF SUBMISSION:** One Singapore with Many Faces and Many Races

**SUMMARY:** As Mr. Lee Kuan Yew is turning 100 years old this year, I drew his nice portrait as the sun which lightens up Singapore brightly as a successful country. In the poster, I have shown the important statement about a multi-racial nation by founder Prime Minister of Singapore during his speech on our National Day year 1965. As we can see from the HDBs, everyone lives harmoniously like "satu kampung satu keluarga". Besides that, we also appreciate people's hard work from different jobs no matter what our status is. We enjoy the musical show at Botanic Gardens with everyone sitting shoulder to shoulder with all races. This shows that Singapore is strongly united regardless of race, culture, religion and languages. We are moving onward as one.
