TITLE OF SUBMISSION: Colours of Unity

SUMMARY: As we come together, we paint Singapore's future bright and colourful. Our artwork celebrates the diverse people, cultures and the uniqueness of Singapore, embracing the unity that binds us all. The Merlion playfully spouting water unfolds scenes of various races in an inclusive society joyfully gathered together to share their cuisines and traditions with each other, creating a symphony of delicious flavours and vibrant colours. We hope to inspire respect and empathy in society, and appreciate our shared heritage. This way, we can create an united and resilient society that soars above social conflicts, ensuring a harmonious and prosperous future for Singapore.
