TITLE OF SUBMISSION: This is my Home, Truly

SUMMARY: Upon seeing the theme of "SG75, Singapore our home", many different things came to mind. I was unsure of what exactly to make use of, as there were just way too many things to fit into just one artwork. Instead, I picked the more significant aspects to implement into my drawing. I used landmarks like the Merlion, the Sir Stamford Raffles landing site statue, Sultan Mosque, Changi Airport control tower, and most importantly HDB flats, which are all over Singapore and iconic to our country. I also added a few national foods, including Chilli Crab, Laksa, Hainanese Chicken Rice and Satay. At the side of the Stamford Raffles statue, I did a collage depicting colonial Singapore, with images showing how Singapore came to be today.
