Static 2 INDIVIDUAL – OPEN

THIRD PLACE

PARTICIPANT NAME: Trixia Pearl Del Rio De Vera

TITLE OF SUBMISSION: A Harmonious Symphony

SUMMARY: This illustration design is about how Singapore is a diverse country with multiple different races. With the theme; "Many Races, Many Faces, One Singapore" I decided to enhance and exaggerate that idea I was going for. The difference of not only being Chinese, Malay, Tamil creates an impact of multiple kinds of people acknowledging one another with peace, coming together as one. "Being Different, Gives the World Colours". I chose this quote, because I strongly believe that multiple backgrounds and different kinds of people coming to acknowledge each other. It shows the true colours of the beauty in peace and harmony as a united nation. Just like different notes, having many faces, but connecting together to create a Harmonious Symphony.
